

Welcome to Tom and Jerry  
Play school

# Our Team Moto

Our Motto is to promote the *Joy of learning.*

*Joy of learning develops a well adjusted person who has a purpose and direction in his/her life. Children who experience the joy of learning, are happy, confident, fulfilled children.*

Mrs. Khushbu Agrawal

Mrs. Shefali Shrivastava

# Why Tom and Jerry

The most important benefits of sending your kid to Tom and Jerry :

**Mode of Preparation for School:** In the initial days, child often exhibits various fussy and demanding attitudes. The first step is to train kids to face the world. There would be a change in children's behaviour and nature .

**Knowledge of Social Life:** Kids get chance to mingle with other school mates by attending Tom and Jerry. A sense of situation handling power is developed among the children. Through play school education child is able to get sufficient knowledge about the society.

**Interaction with other Kids:** Child gets chance to interact and converse with other children. With the demand of the time, he/she learns to enjoy the company of other children of the same age group. Kids get chance to improve their mental ability and growth by the help of Tom and Jerry.

**Learn While You Play :** Children are very imitative in nature. Playschools normally put importance on playing at school. Their teaching learning process are based on learn and fun principles. Children are normally taught nursery rhymes and other lessons for knowing the real world round them.

**Reduction of Separation:** By indulging kids into various entertaining and creative activities, the play schools are able to create some sort educational orientation among the children. In this way children start detaching from their parents and concentrate on learn and fun activities provided by the pre schools.

# A Day in Tom and Jerry Play

**Introducing Nursery session 2018-19**

# **1.PLAY SCHOOL**

## **2.NURSERY**

# Good Morning !!!

The children arrive at school and get themselves ready for the day.

Allowing children to do things by themselves fosters independence and gives them a sense of pride.

Daily jobs such as signing in and answering the question of the school responsibility and create a sense of community.

# Morning Routine

Having a consistent arrival-time routine helps the children transition from home to

# Morning Meeting

We start each day with a personal greeting for every student. We do the morning Prayer and recite our classroom rules. This is also a time to review the schedule for the day and talk about what we will be learning that day.

# Tom and Jerry Literacy Block

Readers Workshop

Shared Reading

Guided Reading

Interactive Writing

Literacy Centers

Read-A louds

Writing Workshop

# Shared Reading

During shared reading, the teacher and children read big books and poems.

# Guided Reading

During guided reading, teachers work with students to guide them in using their emerging reading strategies. By using books that gradually increase in difficulty, students work at their own levels and feel very successful! The end goal is for students to become confident, proficient readers who LOVE to read!

# Drawing

# Read A-Louds

Students experience the joy in being able to listen to a story and then talk about what they have heard and learned. Active engagement in Read A-louds is paramount to listening comprehension and vocabulary development.

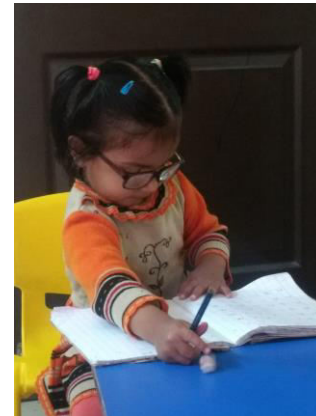

Multi-sensory activities promote phonics, phonemic awareness and handwriting skills.

## Writing Workshop

Children have a lot to say about the world and they can express themselves on paper through inventive spelling and drawing.

Writing Workshop builds on the children's strengths, provides meaningful, structured opportunities to write, exposes them to beautiful literature and actively teaches the skills and strategies that writers need.

# Recess

Children learn important social skills on the playground. Recess helps to develop skills such as cooperating, helping, sharing, and problem solving.

## Math

Kids participate in whole-group and small group math lessons daily.

The children do many hands-on activities involving counting, numeration, measurement, geometry, sorting, adding, subtracting and data collection.

# Technology

we will give a chance to explore and use computers for different projects - creating and writing and making thinking visible.

We look forward to welcoming  
you to Tom and Jerry
